WHAT DOES THE COAD DO?

COOPERATES

We are a collaborative network of private, public and nonprofit individuals and organizations working together in disasters to share information, planning and training resources.

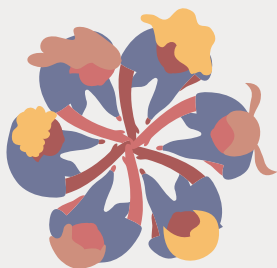

COMMUNICATES

We share information and resources to the community and our members to help provide information and resources about the disaster.

COORDINATES

We commit to working together toward offering effective services to disaster victims. We seek to match services to needs and deliver services in an integrated manner.

COLLABORATES

We form and maintain partnerships and relationships to enhance our communities' disaster response efforts and mitigation.
